

SedonaWeb Legacy Users 1st Login to SedonaWeb 2.0

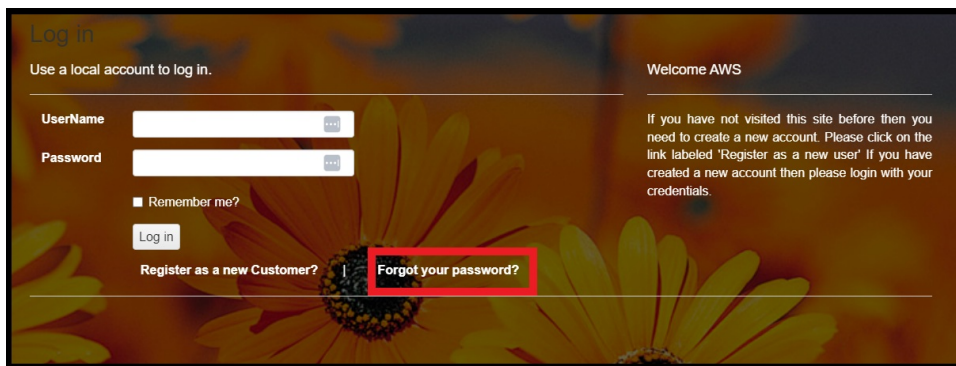

12/28/2023 3:42 pm EST

How to Log into Sedona Web 2.0 for the first time:

If you have a Sedona Web Legacy account already, you will need to follow the below steps to log into the new portal using your old account.

Step 1:

Use the 'Forgot your password?' link rather than the 'Register as a new Customer?' link.

Log in

Use a local account to log in.

Welcome AWS

Remember me?

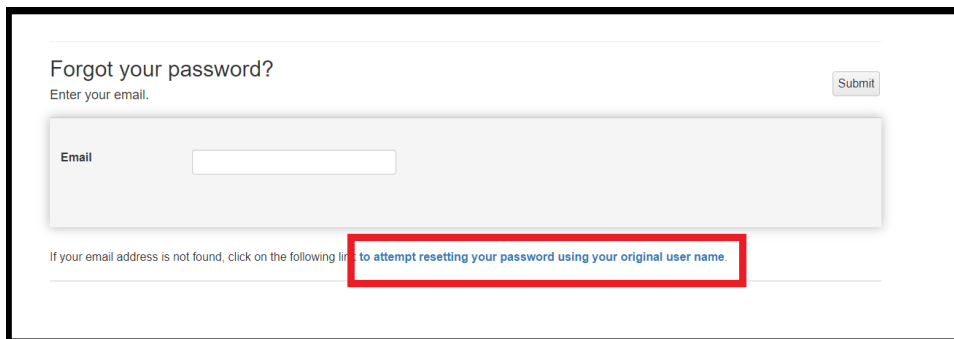

Log in

Register as a new Customer? | **Forgot your password?**

If you have not visited this site before then you need to create a new account. Please click on the link labeled 'Register as a new user' If you have created a new account then please login with your credentials.

Step 2:

Use the link in the red box below named "to attempt resetting your password using your original user name." This should allow you to get a log in for Sedona Web 2.0 without generating a new email contact.

Forgot your password?

Enter your email.

Email

If your email address is not found, click on the following link **to attempt resetting your password using your original user name.**

Step 3:

On the next page, fill out the information and select 'Submit.' You should receive an email to the email address you have on file and completing that email should update your account to allow you to log into the new portal.

Forgot your password?

Enter your User Name and Customer Number to reset your password.

A password reset link will be sent to the email address you specify.
