

App Support General Information - Manitou Integration Removal

12/29/2023 11:57 am EST

In a customer reports that there is a delay in Sedona Office Client login due to Manitou Integration [message below]

One moment while I locate the Manitou Server...

Ensure that the Sedona Server is licensed *without* the Manitou Integration checked

Remove the following files and restart Sedona Service

- BasicDLL.dll
- ServerInterface.NET.dll
- ServiceInterface.ocx
