

# Negative Part Quantities and SedonaX Mobile for SedonaOffice Users

12/28/2023 3:53 pm EST

## Negative Part Quantities and SedonaX Mobile for SedonaOffice Users

In SedonaOffice you can set inventory to Not Allow, Allow, or Allow With A Warning, negative inventory quantities. If you choose the Allow With A Warning option, that warning does not show on SedonaX Mobile. Technicians will be allowed to drive inventory negative through the app, without seeing the pop up message.
