

MWC/BoldNet Neo: Error using Display Now on Reports

12/27/2023 1:27 pm EST

Description of Issue:

Using the Display Now option gives a 404 error. Running a report in MWC / BoldNet Neo may give an error similar to this:

This 21-supportneo2.boldgroup.int page can't be found

No webpage was found for the web address: **https://21-supportneo2.boldgroup.int/api/public/reportPdf/Customer%20Count?token=ai5oresz.mfk&download=false&isPdf=true**

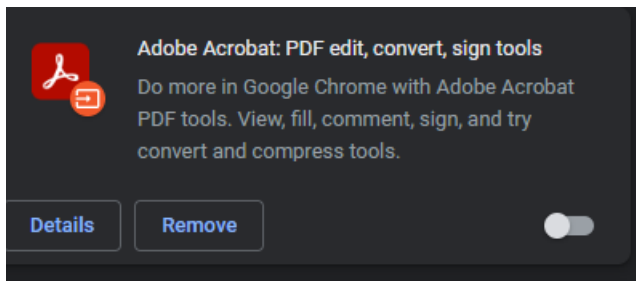

HTTP ERROR 404

Fixes:

Disable the Adobe Acrobat extension.

Chrome:

- Go to `chrome://extensions`
- Click the slider to deactivate the extension

Edge:

- Go to `edge://extensions`
- Click the slider to deactivate the extension
