

SedonaWeb 2.0 - Linking Customer Accounts

12/28/2023 3:50 pm EST

Users may need to view more than one SedonaOffice customer account when logging into SedonaWeb. They can do this by linking multiple customer accounts to the same SedonaWeb 2.0 login. Here are the steps.

1. Log in to your online account.

Use a local account to log in.

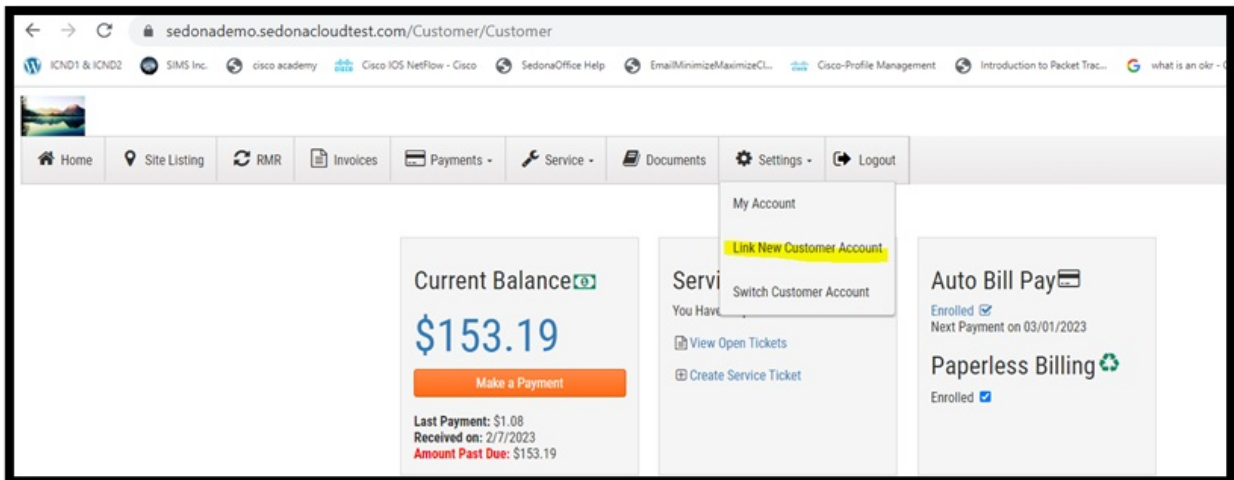

UserName

Password

☐ Remember me?

[Register as a new Customer?](#) | [Forgot your password?](#)

2. Once in your account, you will go to Settings > Link New Customer Account.

3. Enter the customer account and registration number of the new linked account, Click CreateLink.
