(SedonaOffice) Special Upgrade / Install Instructions

Operating System - iOS devices should be on iOS version 12 and Android devices should be utilizing Android 10 or newer for full compatibility, though earlier versions may be able to support the application. Please also check the app store for any updates to your Sedona-X app.

SedonaOffice - SedonaOffice will need to be upgraded to **6.2.0.10** to support Sedona-X Mobile.

SedonaWeb 2.0/SedonaAPI 2.0 - If your company uses SedonaWeb 2.0/SedonaAPI 2.0, IT will need to update your SedonaWeb 2.0/SedonaAPI 2.0 to the viable version at the same time as your SedonaOffice version. This is to ensure compatibility with the Sedona-X Mobile App.

If you do have SedonaWeb 2.0/SedonaAPI 2.0 and are looking for further information on how to configure SedonaWeb 2.0/SedonaAPI 2.0 for Sedona-X Mobile, follow this link - [SedonaCloud Setup for Sedona-X Mobile](#).

Performing Update - Once you have reviewed all of the above information, and followed all preparation steps, contact SedonaOffice support. We will note on your account that you have received the Release Notes and are ready for update. SedonaOffice IT will then contact you to schedule your update.

Migrating From FSU - If you are migrating from the FSU, please read [Technician Migration](#) for further information on how to make the migration process smooth.

(SedonaOffice) Supported Environments

Minimum System Requirements

- SedonaOffice Version **6.2.0.12**
- SedonaWeb 2.0/SedonaAPI 2.0 Version **1.43.2**
