

SedonaOffice - 6.1.0.30

01/05/2024 4:24 pm EST

Special Upgrade / Install Instructions

If upgrading to SedonaOffice 6.0 and higher, the following related updates are also required:

FSU Updates - iOS devices must be on iOS version 11 or newer. Please also check the app store for any updates to your FSU app

SedonaWeb - If your company uses SedonaWeb, IT will update your SedonaWeb version at the same time as your SedonaOffice version. This is to ensure the highest level of PCI compliance throughout all applications

SedonaCloud/SedonaAPI 2.0 Setup - If your company uses the SedonaAPI, IT will update your SedonaAPI version at the same time as your SedonaOffice version. This is to ensure compatibility with the SalesAutomation module.

If you are not a SedonaCloud customer, please review the requirements for the new API before requesting the update. For a copy of pre-install requirements please contact: sedonaoffice.support@boldgroup.com

Performing Update - Once you have reviewed all of the above information, and followed all preparation steps, contact SedonaOffice support. We will note on your account that you have received the Release Notes and are ready for update. SedonaOffice IT will then contact you to schedule your update.

Supported Environments

Minimum System Requirements:

- Server is on Microsoft .Net 4.6.1

Bugs

Orphaned Transactions (6295)

Product: SedonaOffice

Issue: Orphaned Transactions status not being updated

Solution: Updated orphan process in SedonaOffice to make sure that if the transaction exists within Forte, the transaction is updated and shows as submitted and, if the transaction does not exist with Forte, the transaction will be updated to a 'Ready' status

Next Button Doesn't Work on Installer Welcome Dialog (9086)

Product: SedonaOffice

Issue: When the welcome dialog is displayed on the new installer, the Next button doesn't go to the next dialog

Solution: Fixed the new installer's startup UI sequence
