

How to Remove a Users SedonaWeb 2.0 Access

05/16/2024 1:39 pm EDT

Step#1 Open Customers Sedona Web 2.0 API link and login.

Step#2 Click on Users

□

Step#3 Click on Customer users

□

Step#4 The fastest way to find user is to click on email, this will put users emails in alphabetical order. Look for the email address, in the example below it is miguel.gutierrez@boldgroup.com, being removed as a SedonaWeb 2.0 user. Click on the trash can to the right will remove the user from Web access.
