

New Version of PCI Compliance Utility

09/13/2024 5:46 pm EDT

Due to some issues with its function, the PCI Compliance Utility was updated. The updated version is available in Sedona Office version 6.2.0.14. It looks like the below:

If you do not see this version when you start the utility, you will need to check the version number of the database and ensure that you are on at least version 6.2.0.14 before proceeding with the upgrade.
