

Inserting Deposit Record into AR_Deposit from backup

09/13/2024 3:56 pm EDT

To recreate a Deposit record from your backup you can use the script below.

```
SET IDENTITY_INSERT AR_Deposit on
```

```
GO
```

```
INSERT INTO [dbo].[AR_Deposit]
```

```
    (Deposit_Id
```

```
        ,[Description]
```

```
    ,[Bank_Account_Id]
```

```
    ,[Deposit_Date]
```

```
    ,[Amount]
```

```
    ,[Number_of_Items]
```

```
    ,[Reconciled]
```

```
    ,[Reconcile_Date]
```

```
    ,[Register_Id])
```

```
Select *
```

```
    from [BackupTable]
```

```
    where deposit_id = [deposit_id]
```

```
GO
```

```
SET IDENTITY_INSERT AR_Deposit on
```

```
GO
```
