

# Number of Subaccounts per Master

09/23/2024 2:33 pm EDT

You can use the script below to see how many subaccounts are linked to each master account

```
select b.Master_Account_Code as "Number of Subaccounts per MasterAcct",
```

```
COUNT(b.Master_Account_Code) as "COUNT of subaccounts",
```

```
b.description as "Master Account Description"
```

```
from AR_Customer a, AR_Master_Account b
```

```
where a.Master_Account_Id >1
```

```
and a.Customer_Id <>1
```

```
and a.Customer_Id <>b.Customer_Id
```

```
and a.Master_Account_Id = b.Master_Account_Id
```

```
group by b.Master_Account_Code, b.Description
```

```
order by COUNT(b.Master_Account_Code)
```
