

# RMR Lines by Cycle Length

09/23/2024 2:32 pm EDT

You can use the script below to see how many recurring lines are set to each cycle length

```
select bill_cycle as "Billing Cycle",  
count(bill_cycle) as "Number of Recurring Lines in Billing Cycle"  
from ar_customer_recurring  
where Customer_Id > 1  
group by bill_cycle
```
