

How to Resolve Issue with Red Line Showing Along Right Side of Document

11/05/2024 5:39 pm EST

If there is a Red Line along the Right Side of a Report or Check when printed or print previewed in Sedona Office, this is due to the Paper Size selected under printer preferences for your actual printer.

The screenshot shows a report titled 'Bills Paid Allocation' for 'A&A Office Systems Inc.' dated '11/5/2024'. The report includes a table with columns: Bill #, Date, Discount Taken, and Amount Applied. The data shows two bills from 11/21/2017 and one from 12/14/2017, totaling an amount applied of 2,922.55. Below the table, it states 'GST Number: 595' and 'Check Amount: 6,982.55'. At the bottom right, the total amount is '14134' and '11/5/2024 56,682.55'. A vertical red line is visible on the right side of the document.

Bill #	Date	Discount Taken	Amount Applied
	11/21/2017		4,927.45
	11/21/2017		1,515.59
standard	12/14/2017		1,300.00
			<u>2,922.55</u>

GST Number: 595 Check Amount: 6,982.55

14134

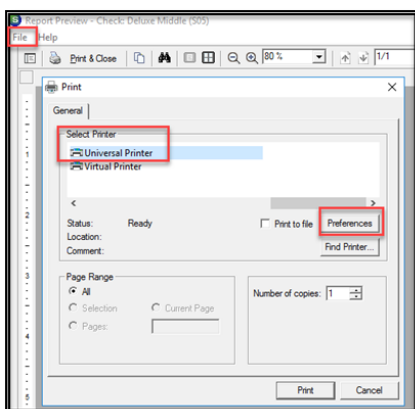

11/5/2024 56,682.55

Print Preview

When a Report or Check(s) are ready to be printed, select "File" in the upper left corner of Sedona.

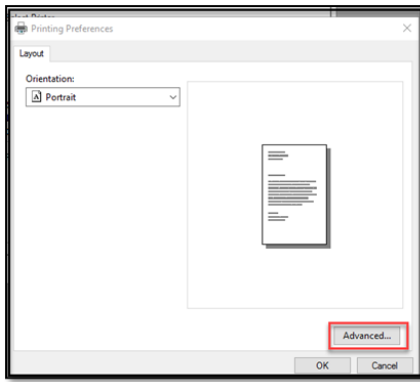

Then select Print.

Select the Printer that is used for Printing and click on Preferences

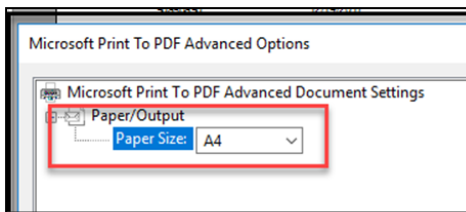

Select the Printer that is used for Printing and click on Preferences.

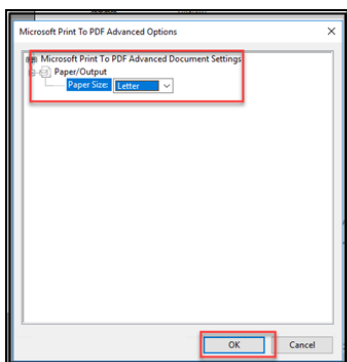

Select Advanced.

The Paper size selected will show “A4”

Select “Letter” from the drop-down menu.

Select OK and Save.
