

Credit Count by User (Internal)

11/26/2024 9:21 am EST

The script below shows how many credits were created by each user

```
select b.UserCode ,  
  
count(b.credit_Number) as "Number of Credits by UserCode "  
  
from ar_customer a, ar_credit b  
  
where a.customer_id=b.customer_id  
  
and a.customer_id <> 1  
  
and b.credit_id > 1  
  
group by b.UserCode
```
