

How to export RMR Invoices that have already been Generated (Managely)

07/17/2025 2:07 pm EDT

Follow these steps below to export RMR invoices that have already been generated:

1. Click on Accounts Receivable, click on RMR, and then click on RMR Invoice Generation History.

1. Click the plus icon to the immediate left of the RMR # column (it will turn into a "-" sign) and then push the Export to Excel button.
